■ THE DESK

We run one book, in the open.

Members allocate capital, the desk trades it, and the published daily ROI plus team plan credit the same wallet. That is the whole product. FX majors, large-cap digital assets and metals — one pooled book.

THE BOOK	FX majors, large-cap digital assets and metals
YOUR SHARE	0.50% daily on flex capital — 1% with the booster
TEAM INCOME	Direct, generation, salary and community on a 60:40 match
SETTLEMENT	USDT on BEP20 only, reviewed by a person on both sides

■ COMMITMENTS

What we hold ourselves to.

— One wallet, every income line

Daily ROI, deposits, referral, generation, salary and community credits land in one balance.

— Every movement is on-chain

Each deposit and withdrawal has a hash you can open on BscScan.

— Manual review on both sides

A person checks every deposit and withdrawal before it moves.

— No earning cap

The plan does not cap daily or lifetime income. What you earn follows the tables.

■ BUSINESS PLAN

Eight ways the same wallet fills.

01	ROI Income	0.50%
Daily, on flex capital. 1% if booster-qualified. Credited at 12:05 AM IST.		
02	Fixed Deposit	x2 - x4
Optional lock. Multiplier credited in full at maturity.		
03	Promotional Income	Variable
Campaign and goodwill credits posted by the desk, same wallet.		
04	Direct Referral	3%
Of each direct member's approved investment, credited when the deposit clears.		
05	Booster Reward	x2
Five matching directs in seven days of activation doubles daily ROI to 1%.		
06	Team Generation	5 - 40%
On matched daily ROI of the team. 60:40 matching. Team business AND Active funded directs (minimum 2). Rate is the lower of the two.		
07	Salary Reward	\$20 - \$200

Seven levels. Weekly for 24 weeks once team business on the 60:40 match qualifies.

08 **Community Reward**

\$100 - \$51,200

Ten levels. Paid once when you hold the required directs and active IDs (60:40).

■ MATCHING

60 on the strong leg, 40 on the weak.

Each member has a left and a right leg. A pair is 60% of the stronger leg and 40% of the weaker. Surplus carries forward and never expires. Generation, salary and community all use this match. Calculated daily at 12:05 AM IST on that day's downline ROI.

■ TEAM GENERATION

Twelve slabs, 5% to 40%.

Both must be true: team business in the band, and that many Active directs who have bought a package. Unfunded signups do not count. You earn the lower of the two rates. First slab needs 2 Active directs.

TEAM BUSINESS	RATE	ACTIVE DIRECTS
\$100 – \$1,000	5%	2
\$1,001 – \$3,000	7%	3
\$3,001 – \$5,000	10%	4

■ QUESTIONS

Asked before funding.

How do I deposit, and how long does it take?

Send USDT on BEP20 to the address in your dashboard and submit the hash. A person approves it once it has enough confirmations — usually within a few hours.

Is the 0.50% daily rate guaranteed?

It is the published plan rate, credited every night at 12:05 AM IST on active Daily ROI principal.

When can I withdraw?

From \$10, at any time, from available profit (10% charge) or from unlocked principal (20% charge). Fixed deposits cannot be broken early. Requests are reviewed by a person and released within 24 business hours.

How does 60:40 matching work?

Each member has a left and a right leg. A pair is 60% on the stronger leg and 40% on the weaker. Generation, salary and community income all use this match. Unused volume carries forward and never expires.

Which network do you support?

USDT on BEP20 (BNB Smart Chain) only. Any other token, or USDT on TRC20 or ERC20, will not credit and cannot be recovered.

What fees are deducted?

10% on profit withdrawals, 20% on principal withdrawals, plus the BEP20 network fee at release. No deposit fee, no monthly charge.
